

## What's Your New York Story?

Imagine you get to carve or create an animal or picture for the Empire State Carousel. This carving or drawing must tell a story that is important to you. This story can be about a family member, a pet, a song, a special trip, or anything else you can think of. It also should represent a specific region or regions of New York. What would you choose? Draw your carving and then write a paragraph about your story.
