

## Harvest of History Object Scavenger Hunt

Our collection of historical objects at The Farmers' Museum is full of unique and strange items. On our [harvestofhistory.org](http://harvestofhistory.org) website, you can find the pictures and descriptions of many of these unique objects. Below you will find pictures of some objects in our collection. Visit the buildings in our Virtual Village and to find out the names of these objects and what they were used for. Write this information down next to each object.
